Fire Ceremonies have been used by medicine people for thousands of years to dissolve stuck energy and transform life depleting patterns. In August we are blessed with two full moons! The first of the August full moons is known as the Sturgeon Moon because Algonquin tribes fished for sturgeon in August and these fish were an important part of the tribes' survival. This month brings the Lion's Gate which occurs on August 8th . During the Lions Gate the star Sirius comes into alignment with Earth and the Sun exerting its influence from its ruling sign of Leo. The day is considered a window, or portal, into enhanced awareness that lies beyond our usual perception. Join Zhana Levitsky, Owner of Folk Magic as she ushers you through a shamanic journey to connect with your power animals and garner insights meant for you to help you on your spiritual journey.
